

# WA State Association of Public Safety Trainers & Educators

## 2018 Conference

### “Defensible Training and Education – Developing Keys for Success”

Join us to discuss the importance of training that is documented, cited, referenced & easily defensible.

Trust between public safety, law enforcement, and the public they protect and serve is essential. This conference will discuss how to build curriculum and training that can withstand legal scrutiny. Presenters will increase your knowledge of instructional systems design and occupational analysis while avoiding implicit bias. Individual breakout sessions provide the opportunity to network and learn with professionals in related fields.

When: February 26-27, 2018

Registration at Eventbrite:

Where: Spokane Sheriff's Office Training Center  
2Dc1XVS

[http://bit.ly/](http://bit.ly/2Dc1XVS)
